

Equipment Loss Assessment & Pricing

CEIPS, a J.S. Held Company, is a national leader in the performance of loss assessment and pricing on a wide variety of equipment.

With more than 40 years of experience, our experts can provide high quality technical assistance to fairly and accurately assess damage to commercial equipment – on site or via file review, when practical. We provide reliable and achievable repair or replacement pricing, as well as the actual cash value and/or fair market value appraisals.

We have extensive experience on a national basis with the following equipment:

- | | | |
|-----------------------|---------------------------|-----------------------------------|
| Supermarkets | Gas Stations | Manufacturing Storage Systems |
| Restaurants | Auto Repair Facilities | Manufacturing Conveyer Systems |
| Retail Stores | Off-Highway Equipment | Assembly Manufacturing |
